

VICE CHANCELLOR'S MESSAGE

Prof. Dr. Shahida Hasnain

The insignia of the University truly depicts the mission we are dedicated to. The Women University Multan (WUM) is the seat of learning where the personality of the learner is branded through the seals of *ilm*, *Tafakkur* and *Tadabbur*. In a world where change is the norm, one thing is quite certain – knowledge or *ilm* has been, and will be a key source of success and is highly sought after around the globe.

To us pursuit of “ilm” is an individual and social obligation. We strive for and abide by the teachings delivered to us through the Holy book of Quran in which the Creator of the Universe demands in us, the qualities like evidence (*Burhan*), observation (*Mushahadah*), contemplation (*Tadabbur*), and reflection (*Tafakkur*), thereby leading to a knowledge that relates the knower to higher modes of being. We strictly believe that sweetness of the faith lies in the fruits of knowledge. Roots to education are bitter with assorted difficulties tagging the process of learning but the fruit is always sweet. Before us we have a defined future and we are committed to make our teaching and learning modules and niche areas of research, relevant to national needs and international standards and are dedicated to providing a campus environment that encourages lifelong learning, strong career preparation, and personality building. University has expanded its frontier in various disciplines *i.e* Applied Psychology, Education, History and Pakistan Studies, Political Science and International Relations, Economics, Botany, Microbiology and Molecular Genetics, Zoology, English, Islamic Studies and Comparative Religions, Urdu, Chemistry, Computer Science and Information Technology, Mathematics, Physics, Statistics in Phase I and intend to include 11 more in the list of subjects comprising Art and Design, Law, Mass Communication, Management Sciences, Commerce, Sociology, Library and Information Sciences, Biochemistry and Biotechnology, Bioinformatics, Environmental Sciences, International Languages in Phase II next year. Our undergraduates as well as postgraduate students receive guidance and learning opportunities in an environment that values talent and innovation. Graduates are expected to have skills like constructive reasoning and critical thinking to widen their mental horizons. We stress and emphasize on inward grooming of the students to produce the students of new millennium and resolute to instill in them virtues of contemplative thought and reflection (*Tadabbur* and *Tafakkur*) that turn a learner into a righteous follower, a scientific researcher into a practical investigator, a technical inventor into a committed

believer, an industrial entrepreneur into a person of faith, thus transforming raw mind into a seasoned intellect. We judge our performance in the context of achievable but challenging tasks and will maintain our vigil for challenges of tomorrow.

Thinking globally, my vision in the role of the Vice-Chancellor is, to principally be an initiator of creative endeavor, a facilitator of academic initiatives, a mediator and a provider of an environment that encourages lifelong learning, strong career preparation, sense of confidence, competence, and dignity in the students. WUM endorses sound organisational principles and strict disciplinary rules. Through substantive accomplishments we dare not only to enhance and magnify our significance and contribution in nation building but also want to be the house of attraction for the finest faculty, staff and students from around the nation and across the globe. We steadfast to pursue a persistent quest for educational excellence through sincerity, clarity and determination.

ABOUT WUM

Nestled in the enclave of the heart of the city, the institute of The Women University has the distinction of becoming the first University for Women in the city of Multan. To keep pace with the everyday growing demand for the educational reforms, a persistent evolutionary process is needed that can transform a newly established Institute into a hub of knowledge. In order to conceive the benefits of knowledge dissemination, a proposal was designed that can serve the national interest in broad framework. To rise to the occasion to benefit from the Government's program to expand education, the proposal for the setting up of the University was presented. To compete on par with the global standards, a comprehensive and focused education revamp was demanded in the form of an institution that could serve the inhabitants of the city as well as the nation altogether. It could be a matter of elation for the local fraternity to find an institute of Advance studies in their vicinity, easily accessible to the female knowledge seekers. To serve the purpose, at initial stage the institute is housed in the existing Kutchery Campus of Government Degree College for Women, Multan. The mergence of the College into the Women University took place in 2012 under the Act approved by Punjab Assembly in 2010, attaining an entity of one of the campuses of the Women University, Multan. Another campus building at Mutitul Road is under construction providing an ambitious plan of the University for the years to come. The Women University, Multan has multifaceted goals ahead which it is committed to achieve in the years to come. In its own role the University emphasizes the exploration of values, sense of community and grooming of the talent residing within the students. For this it has given the opportunity to such persons in the form of faculty which could serve as true mentors and role models. The University is offering ground breaking research facilities to excel in meeting the global challenges of the future. The mission is to highlight the importance of education which can serve as a gear to empower women. We believe the University has all that is needed to ignite **potential, purpose, skill** and **pioneering spirit** in the knowledge seekers.

University offers BS, MSc, MA , M.Phil, in various disciplines with Ph.D (in selective subjects)under Semester system; Applied Psychology, Education, History and Pakistan Studies, Political Science and International Relations, Economics, Botany, Microbiology and Molecular Genetics, Zoology, English, Islamic Studies and Comparative Religions, Urdu, Chemistry, Computer Science and Information Technology, Mathematics, Physics, Statistics are on the list in 1st Phase and extended intentions are to include 11 more disciplines in the list of offered subjects comprising Art and Design, Law, Mass Communication, Management Sciences, Commerce, Sociology, Library and

Information Sciences, Biochemistry and Biotechnology, Bioinformatics, Environmental Sciences, International Languages in 2nd Phase next year.

Experience being part of a powerful Womanhood institute that provides encouragement, support, and opportunity to the females to grow through advocacy, education, research and Philanthropy. At Women University, you'll find a safe place to express yourself, to discover who you are and who you want to become, and to grow in confidence and dignity. New entrants are welcome here to the ice the cake of their potentials with the rich cream of knowledge. Because we believe that

“Behind every success is endeavor...Behind endeavor, ability...Behind ability, knowledge...Behind knowledge, a seeker.”

VISION MISSION AND CORE VALUES

VISION:

To provide education that inculcates the sense of self confidence, self-dependency and self-realization in women for their own positive influence and contribution to the nation.

MISSION:

The Women University is committed to serve as a catalyst for the process of empowering women through quality education and to cultivate an educated society through women education that can lead to the continuous progress in building self-esteem, empowerment in them thereby enriching the future of the community and nation altogether.

CORE VALUES:

- Commitment to Academic Excellence
- Faith
- Discipline
- Compassion
- Integrity
- Focused endeavors
- Leadership
- Loyalty

DEPARTMENT OF ART AND DESIGN

OVERVIEW

Multan is a rich city in its history and famous for its arts and crafts. The Department of fine Arts was established in 1976. After finding the keen interest in the students, we decided to start Fine Arts in B.A. level in 1985.

COURSES OFFERED

- Theory of old civilization
- (*Indus Valley civilization and Gundhara Art*)
- Practical (*designing, drawing and painting*)

Courses of Fine Arts in different BS programs

- Additional subject in different BS programs
- Evening program

OBJECTIVES

Our aim is to develop in the students an aesthetic sense and demonstrate free and bold style of drawing and painting. Students will be encouraged to develop their skills and free up their line and styles in different media and should know about the history of civilization and its arts, craft and architecture.

OPTIONAL SUBJECT IN BS PROGRAMS OF OTHER DISCIPLINES

DEPARTMENT OF HISTORY & PAKISTAN STUDIES

OVERVIEW

The department of History was established in 1947 and this is one of the leading departments of Arts & Humanities in former G.C.W Multan at intermediate and Degree level. It has been offering post graduates classes in History since 2005 and initiated

BS (4-year) in the year 2010. Now it's a great honor for us to redesign our department and programs under the shelter of **The Women University, Multan** with new mission and objectives.

It preserves the traditions and cultural values of a nation, and serves as a beacon light, guiding society in confronting various crises.

DEGREE PROGRAMS OFFERED

- **BS (4 years)** (Also Distance Learning Program)
- **MA (2 years)** (Also Distance learning Program)
- **MPhil (2 years)** (Also Distance Learning Program)
- **PhD (4 years)** (Also Distance Learning Program)

SCOPE

- The M.A and BS in History & Pakistan studies are a rigorous program and exploring various dimensions.
- It provides students with update, critical, analytical and methodological knowledge.
- It also encourages historically informed approaches to civilization religion, culture, freedom movements and political thoughts to current policies.
- Courses, seminars and research projects in the department cluster around the interesting themes of institutions, history and movements; global world and transnational history of individual regions, the Arabs, the Americas, Europe, Middle East, North Africa, East and South Asia.

OBJECTIVES

- Produce high quality professionals committed to pursuit of excellence and are endowed with vision, courage and dedication.

- Improve academic standard in the region.
- To familiarize students with emerging trends in the disciplines with the past examples. That would enable students to make a significant contribution in the future.
- Students are capable of making significant contribution in the area of education, politics, nation building and to compete in different fields of civil, army and foreign services.
- Main purpose of each program is to prepare students have a deep knowledge of the subject as well as ability to analyze any given situation and draw out conclusions.
- The graduates passed under these programs should have a sound knowledge of the subject. For this purpose intensive and extensive programs also designed.
- Along with the knowledge of the subject they should also have a broader view of other disciplines of social sciences, languages and as well as natural sciences. It will enable the students to interact with other branches of knowledge and strengthen their understanding of the society and world as well.
- Students are to be equipped with essential tools and techniques of research. It will enable them to handle any issue and suggest its possible solutions.
- Students are to be empowered, establish and develop a viable and forceful link between theory, concepts and practice in the field for its proper implementation and utilization by the students, scholars, policy makers and planners.

DEPARTMENT OF POLITICAL SCIENCE & INTERNATIONAL RELATIONS

OVERVIEW

Prosperity and success of a nation is always related to human resource development, of which the most important aspect is education. Keeping in view the advancements in various disciplines of social sciences and the quality of education provided in the finest universities of the world, the Women University Multan and its Department of Political Science & International Relations has initially structured two programs i.e. BS & MA, as combination of research and course work.

DEGREE PROGRAMS OFFERED

- **BS (4 Years)**
- **MA Political Science (2 Years)**
- **MA International Relations (2 years)**

SCOPE

Political scientists may work alone or as a team with other social scientists where they read and write reports or research articles. Some are employed by colleges and universities where they are given flexible work schedules and divide time between research, teaching, writing, consulting and other responsibilities. Political scientists may go on foreign assignment for serving the country.

OBJECTIVES

- To develop high quality political scientists committed to the pursuit of excellence, and as such who are imbued with vision, perception, courage and dedication.
- To improve academic standards in this region through knowledge management.
- To build social capital.
- To contribute towards the socio-political and socio-economic development of Pakistan.
- Building indigenous intellectuals repository of the region

BS PROGRAM

DEPARTMENT OF SOCIOLOGY

OVERVIEW

Sociology is a social science. All social sciences deal with society but Sociology is the only one which studies all aspects of society and human life. Sociology in its institution has been studied since 1976 in B.A and Inter classes. Thousands of students have studied and now working in different fields of society.

COURSES OFFERED

- BS (4 Years)
- MSC (2 Years)

SCOPE

Importance of sociology is increasing day by day. It is being

Introduced in every walk of life, both as a subject and as a

Career. Due to the social change in societies, people are facing different social problems. Sociologists are very helpful to solve problems with research and planning.

OBJECTIVES

The course is designed to introduce the students with sociological concepts and the discipline. The focus of the course shall be on significant concepts like social systems and structures, socio-economic changes and social processes. The course will provide due foundation for studies in the field of sociology.

DEPARTMENT OF ECONOMICS

OVERVIEW

The department of economics started its Masters Degree Program in 2005. Later in 2012, it was converted into M.Sc. Economics. In year 2010, it successfully launched its undergraduate 4-years program of BS Economics.

DEGREE PROGRAMS OFFERED

- **BS (4 Years)**
- **MSC (2 Years)**
- **MS/MPhil (2 Years)**
- **PhD (4 Years)**

SCOPE

The importance of Economics as a subject is progressing at a much faster pace than any other subject. World has become a global village and economic changes occurring all over the world have very serious repercussions on the everyday life. Hence the study of economics has become the need of hour. As far as its market value concerns, Economics has proved itself as an essential knowledge for various professional fields like banking, administration, planning and development, businesses, marketing, and teaching. While getting education in the field of Economics, students can make their career more brilliant and successful. The core areas of study are Micro economics, Macro economics, Mathematical Economics, International trade, Monetary economics, public finance, Managerial economics, Economic Development Islamic economics, agricultural economics, and Human resource Development.

OBJECTIVES

The department's mission is:

- To impart comprehensive and high standard knowledge of the subject.
- To make use of the modern quantitative techniques for practical implications.

- To broaden the thinking perspective and vision of the students on the basis of research based studies.
- To prepare them for advanced studies like M.Phil and Ph.D.
- To make them competent in the modern structure of job market.

DEPARTMENT OF BOTANY

OVERVIEW

The Scientific study of plants is called botany. As we know the study of plants is vital because they underpin almost all animals' life on earth by generating a large proportion of oxygen and food that allow humans and other organisms with aerobic respiration to exist. Plants are crucial to the future of human society as they provide food, oxygen medicine and products for people, as well as creating and preserving soil.

In view of above mentioned importance, department of botany started BS 4-year Program in 2010 in Government Postgraduate College been women Multan, which has now been upgraded to offer BS 4-year Program of studies under women university Multan. Curriculum has been developed under the guideline of Higher education commission to cover all the recent areas of botany. Teaching laboratories in the institute are reasonably equipped with scientific equipment. An adequate collection of text books and reference book is available in the library. Department has qualified faculty.

DEGREE PROGRAMS OFFERED

- **BS (4 years)**
- **MS (2 years)**

SCOPE

The Scope of botany deals with the course content of plant sciences and the utility of plants in relation to mankind. The course content of botany is so vast that the number of branches covering it is on the increase. Branches like morphology, anatomy, histology and cytology give us an idea about what plants are, and to what extent they are diverse. The scope of botany also includes the benefits derived from the plant world. The entire living world, especially man, is directly or indirectly dependent on plants. Botany, along with its allied branches, provides employment opportunities. It is a prerequisite for studying medicine or pharmacy. There is also enormous employment scope in agriculture, horticulture, forestry, etc.

OBJECTIVES

- Develop high quality professionals and scientists that are committed to pursuit of excellence and are endowed with vision, courage and dedication.
- Improve academic standard in this region.
- Botanists are capable of making significant contribution in the areas of research organizations, genetics, forestry, agriculture, horticulture, bio technology, plants breeding and plant pathology.

DEPARTMENT OF MICROBIOLOGY AND MOLECULAR GENETICS

OVERVIEW

The science has its roots in fundamental human needs of nutrition, health and environmental control that offer the opportunity to study microbiology as microbes are the center of biological sciences. On the other hand molecular genetics constitute the integral part of modern biotechnology that has significant impact on our lives from DNA finger printing to development of vaccination. Keeping the importance of both subjects, The Women University, Multan (WUM) is intended to open a new department of Microbiology and Molecular Genetics (MMG). The MMG department is projected to cover both fields in understanding the fundamental process of life at insightful level and committed to provide advance and innovative approaches both at academic and research level in the field of microbiology and Molecular genetics

DEGREE PROGRAMS OFFERED

- **BS** (4 Years)
- **MS/MPhil** (2 years)
- **PhD** (4 years)

SCOPE

The graduates from this department have broad range of potential careers in teaching and research institutes, agricultural institutes, pharmaceutical and food industries, diagnostic and forensic laboratories, hospitals and public health departments.

OBJECTIVES

The Department of MMG visualizes itself as the first provider of first-rate education and research in microbiology and molecular genetics by applying comprehensive, Rigorous and unconventional methods to the microbial world. Our department's mission is to train undergraduate, graduate and post graduate students for careers in microbiology through excellence in teaching, research, and service and to build a strong teaching and research environment by collaborating with other institutes to resolve the glitches/problems of national interests

The main objectives of this department are to

- Prepare students as determined microbiologists in education, industry, agriculture and health related fields.
- Provide an advanced understanding of the core principles and topics of microbiology and molecular genetics and their experimental basis that enable students to acquire a specialized knowledge and understanding of respective field.
- Provide the students with analytical and presentational skills. This will be achieved by class presentations, seminars and small group discussions.

BS PROGRAM

- Credit hours= 141

COURSE OUTLINE

1st Semester

Code	Title	Credit Hours
MMG 101	English I	3
MMG 102	Computer Sciences	2
MMG 103	Mathematics	3
MMG 104	Biochemistry I	2+1
MMG 105	General Genetics	2+1
MMG 106	Fundamentals of Microbiology	2+2
	Total	18

3rd Semester

Code	Title	Credit Hours
MMG 201	English III / Foreign language	3
MMG 202	Pakistan Studies	3
MMG 203	Cytogenetic	2+1
MMG 204	Biodiversity of Animals	2+1
MMG 205	Microbial Genetics	2+1
MMG 206	Cell Biology I	2+1

DEPARTMENT OF ZOOLOGY

OVERVIEW

BS 4-year, M.Sc., M.Phil and Ph.D programs in the subject of Zoology are being offered. The study tours are also organized for the students to collect fauna from different areas of Pakistan as a requirement of their studies. The department has established a museum and an animal house for study and research purpose. Environmental Biology, Fisheries, Wildlife, Limnology, Entomology, Ornithology and Parasitology are the main fields of research. The students completing studies from this department will have an awareness of the animal diversity, strategies to increase meat (fish and livestock), milk and wool production, recent parasitic and pest control programs, Sericulture and Honey Bee Farming. Zoology as a subject is multidisciplinary in nature, involving study of organisms and their genetic, morphological and physiological attributes their surrounding environment, and their role in conservation of environment. Zoology is a combination of various disciplines such as Genetics, Physiology, Ecology, Developmental Biology, Microbiology, Parasitology, Entomology, Freshwater Biology, Fisheries, and Wildlife etc. This subject has significant role in human resource development, food security, environmental conservation, sustainable development and ultimately in alleviation of poverty.

DEGREE PROGRAMS OFFERED

- **BS (4-years)**
- **MSc (2-years)**
- **MS/MPhil (2-years)**
- **PhD (3-5 years)**

SCOPE

After completing the course candidates can either opt for higher studies or they can search for jobs. There are numerous higher study options for the graduates'. Graduates in Zoology can also find various job opportunities. They are of high demand in many organizations both in Pakistan and abroad. A lot of zoology study today, centers around the relationship of animals to ecology and the environment. So the scope would involve ecology, animal care, vet medicine, zoo keeping, teaching and research.

OBJECTIVES

- To enable students to acquire knowledge base of facts about biological diversity of animals including analysis at the level of genera, cells, organs, individuals, interactions of individuals, population and ecosystems and skills for better planning, protection and management of resources, environment, health, agriculture and livestock in the country.
- It aims to prepare the students for identifying, developing and focusing on a thorough knowledge of a specific research topic dealing with one or more of the following areas: genetics, developmental biology, physiology, genetics, entomology, Parasitology, microbiology and Molecular biology etc.

FACULTY OF RELIGION AND LANGUAGES

DEPARTMENT OF ENGLISH

OVERVIEW

The Department of English at former Govt. Degree college for women Multan had been established in 1986 and ever since it has been quenching the thirst of female students of the southern Punjab. The Department claims of not only competing in results of Bahauddin Zakariya University Multan as well as all the other Post Graduate colleges in the region. It has produced a number of alumni who are working at different national and international organizations. In 2010 the B.S program was launched to cope with the requirements of international standards.

DEGREE PROGRAMS OFFERED

- BS (4 years)
- MA (2 years) (Also Evening)
- MPhil (2 years)
- PhD (4 years)

SCOPE

More and more people are choosing to study

English all the time as its international importance in every field of life is becoming increasingly apparent. Our English courses offer the opportunity to practice language inside as well as outside the classroom. We offer a variety of courses for students of all levels and people belonging to different walks of life. No matter what your language goal is we can help you achieve this through the courses ranging from 10 weeks to 12 months. You can brush up your skills through integration of technology and latest methodologies. We can give you the confidence and skills you need to communicate effectively in English.

OBJECTIVES

Nowadays English has a special and predominant role in the communicative sphere of the world. It has also a special identity in the field of education. **The English language teaching has four objectives to develop four skills:** (i) Reading, (ii) Writing, (iii) Speaking and (iv) Listening.

The following are the main objectives of teaching English at our university.

1. To develop knowledge and understanding of Grammar.
2. To develop abilities to make use of the grammar in own writing English.
3. To motivate students for more studying English language.
2. To encourage for composing poems and writing essay.
3. To develop the ability for grasping the theme of poem or English passage.

EVENING CERTIFICATE/ DIPLOMA PROGRAM

Weekly: 3 days

The Department of English in WUM offers following programs in evening sessions spoken English Courses.

Eligibility:

- F.A/FSc.
- B.A/BSc.

Levels:

- Intermediate/Advance

Duration: 2 ½ months

Main Focus on Listening and speaking skills:

- British and American Accent differences
- General Topics for discussions
- Real Life listening and speaking situations

Teaching/trainer kit

- A.V aids
- Books and materials

ESP (English for specific purposes)

Duration: 10 weeks

Tests:

- IELTS
- TOEFL

PGD IN ELT

PGD in ELT aims to provide students with new insights into language teaching, providing a deeper understanding of the principles and practice of English language teaching. It is a program designed to give you the skills and confidence you to teach English as a foreign language.

Credit Hours = 30

Duration = 1 Year (2 Semesters)

COURSE DESCRIPTION:

Semester I

Sr. No	Course Title	Credit Hours
1	Psycholinguistics & Sociolinguistics	3
2	Teaching short stories and fiction	3
3	Advanced Grammar	3
4	Phonetics and phonology	3

Semester II

Sr. No	Course Title	Credit Hours
1	The Language Skills –I & II	3
2	Teaching Drama/Poetry	3
3	EFL in the classroom	3
4	Classroom Management	3

Workshop: 6 hours focusing all four skills.

Eligibility:

Candidates having any of the following categories of qualifications are eligible for admission:

- Bachelor's degree (BS, BA, B.Sc) in 2nd division, with English as a subject.
- MA English in 2nd Division
- Pre-service and in service teachers, falling any of the above mentioned categories of qualification.
- Admissions will be awarded on merit, determined by the department from time to time.

DEPARTMENT OF ISLAMIC STUDIES AND COMPARATIVE RELIGIONS

OVERVIEW

The BS-ISLAMIC STUDIES started in September 2010 under the administration of Mrs. Qudsia Khakwani M.Phil Islamic Studies (Head of the department of Islamic Studies since 2004). With the development of Women university Multan the department now hold the status of "ISLAMIC STUDIES AND COMPARATIVE RELIGIONS". The department holds its distinction being versatile in the day to day life of each human being as a Muslim. Since the inauguration of the BS- 4 years program in the discipline of Islamic studies it has established its worth among the applicants. A good merit policy is maintained with a dedicated faculty to teach the HEC recognized syllabi.

DEGREE PROGRAMS OFFERED

- BS (4 years)
- MA (2 Years)
- MPhil (2 Years)

SCOPE

The program for the BS degree in Islamic Studies is designed primarily for students desiring to prepare for an academic career. It may, however, be found useful for students seeking a general education and whose career will be aided by a knowledge of the people, languages, and institutions. Such a career might be centered on teaching, research, business, engineering, journalism, librarianship, or government service.

Most individuals who complete a bachelor's degree program in Islamic studies continue on to a related graduate degree program. However, there are career options available to graduates, such as:

- Business consultant
- Researcher
- Imamate
- Journalist
- Political advisor

OBJECTIVES

Pakistan is an ideological state. The foundation for the creation of the country was to establish and develop a state where the Muslim Ummah has the complete liberty to practice Islamic culture and norms with full vigor. A Muslim may be recognized as such and should be with a personality cherished by the non Muslims. Pakistan resolution has been a core guideline for the formulation of the constitution of Pakistan. In which the state has been declared as MUMLAKAT-i-KHUDADAD and supreme power resting in the Almighty Allah. For which it is mandatory to acquire the in depth Islamic perception of Quran and Sunnah, Seerah and Fiqh with practical promulgation of the Islamic culture. In the same scenario it is vital to have the profound perception of the “Qutab-i-Samavia” prior to the revelation of Quran-i-Majeed. The daughters of Pakistan deserve the precedence to flourish in Uloom-i-Islam. They are the future mothers and character builders of a nation.

BS PROGRAM

- **Credit Hours=135**

COURSE OUTLINE

1st Semester

Code	Title	Credit Hours

DEPARTMENT OF ARABIC

OVERVIEW

Department of Arabic was established in Govt. Post Graduate College for Women, Kutchery Road, Multan, in 1948. Since then it has been giving the best results and is competing the results of Bahauddin Zakariya University, Multan, as well as the other colleges.

DEGREE PROGRAMS OFFERED

- **BS (4 Years)**
- **MA (2 Years)**
- **MPhil (2 years)**

SCOPE

With the Arab economies set on steady growth, professionals in various fields are in high demand. Knowledge of Arabic can increase your chances of getting an interesting and rewarding job in an Arab country. Examples of professions where knowledge of Arabic is desirable: Foreign Correspondent, Translator, Technical Engineer, Geologist, Banker, International Consultant, Foreign Service Officer, International Lawyer, Teacher, Researcher, Doctor, Nurse, Dentist, and Social Worker. Knowledge of Arabic is the best tool for both Muslims and Non-Muslims to understand what Islam is about. It also helps in building positive interaction with Muslim communities.

OBJECTIVES

Being the language of Quran, Hadith and other Shariah courses, Arabic language has an extraordinary status among the other languages in Muslim societies. A comprehensive syllabus will be introduced to enable the students that they can understand Quran directly and to have expression power through speaking. We offer Arabic courses in two disciplines, i.e., Quranic Arabic and Spoken Arabic to feel easy during Haj and Umrah visits. Arabic courses have also been included in different BS program. Middle East is the biggest market for jobs. Our students will be comfortable if they will be well conversant in Arabic and they will be preferred in job.

DEPARTMENT OF URDU

OVERVIEW

In 1947 Urdu Department was established in Govt. College for Women Katchury Road Multan. Post graduate classes in Urdu were initiated in the year 2005 and BS-4 years Honors in Urdu in the year 2010. It is high time that department of Urdu may be reengineered and redesigned under The Women University of Multan to provide high quality of education to the female students of this area.

Urdu literature also reflects our culture as well as our emotions. Decline of literature is decline of a nation. Literature is familiar with the glorious traditions of their predecessors and also teaches his students to knock on the door nuanced insights. The development of each nation's language is developed through its literature and the literature of this language is the main source to preserve it. Department of Urdu, The Women University Multan renders certain services to its students and it aims to prepare them for different departments like teaching, journalism, electronic media, foreign service, translator etc, etc.

DEGREE PROGRAMS OFFERED

- BS (4 years)
- MA (2 years)
- M.Phil (2 years)
- PhD (4 years)

SCOPE

The M.Phil, M.A and BS in Urdu are part of a multidimensional program. They provide students with comprehensive knowledge in various subjects. Students will get the opportunity to engage themselves in meaningful discussions and share their views on a variety of topics. Courses, seminars and research projects in the department are based around various subjects ranging from grammar all the way to latest literature.

OBJECTIVES

- Provide an opportunity for the female students of this area to acquire high quality education in Urdu literature.
- Preservation of ancient cultural heritage of Multan by encouraging high quality research.
- Development of practical skill and knowledge to meet the global challenges.
- To enable the students to develop a sense of national identity and collective consciousness.

- To enable the students to bridge the gap between social sciences and natural sciences.
- Generate a heightened level of interest in the Urdu Language.
- To enable our students to take advantage of the opportunities provided to them through our curriculum.
- Help mold the future generation of Urdu graduates into model citizens for the betterment of Pakistan.

FACULTY OF SCIENCE

DEPARTMENT OF CHEMISTRY

OVERVIEW

The Department of Chemistry was established in 1953 and was working under the umbrella of Government Post Graduate College Multan, which has now been upgraded to offer BS (4-year) program of studies under Women University Multan. M.Sc., MPhil/MS and PhD programs will hopefully be offered from next years. Curricula have been developed under the guideline of Higher Education Commission to cover all the recent areas of Chemistry. Department has qualified faculty with diversified fields of interest. It has four divisions.

- A Inorganic Chemistry Division
- B Organic Chemistry Division
- C Physical Chemistry Division
- D Biochemistry Division

The Department houses different laboratories equipped with different equipments. It has a library with number of books in different fields.

DEGREE PROGRAMS OFFERED

- BS (4-years)
- MSc (2-years)
- MPhil/MS (2-years)

SCOPE

BS 4-year program is in parallel to those of Bachelor of Medicine, Engineering and Bachelor of Agriculture where top class students of intermediate class get admission after a thorough scrutiny. This program is focused to develop the linkage between the local and foreign institutions, encouraging long term sustainable scientific collaborations. The long term goal is to up lift the programs in the national educational institutions and bring them as per with the international standard.

OBJECTIVES

The Department of Chemistry is committed to

- Quality Education.
- Develop students to understand about the world.
- Create logical approach through skills and tools
- Develop confidence in their abilities.
- The persuasion of truth, knowledge and its implementation.

It aims to

- Develop high quality professionals and scientists that are committed to pursuit of excellence and are endowed with vision, courage and dedication.
- Improve academic standard in this region.
- Chemists are capable of making significant contribution in the areas of medicine, dentistry, pharmacy and related fields.

BS PROGRAM

- **Credit Hours=140**

COURSE OUTLINE (For Pre-Medical Students)

DEPARTMENT OF MATHEMATICS

OVERVIEW

Women University has going to start BS mathematics (4 years) program this year. In mathematics there is a growing sense of excitement and anticipation as teachers, students and parents discover the wonder of mathematics through applications. Mathematics is a rigorous, academic mathematics curriculum. Developed as a means to make mathematics accessible to all students. Mathematics is one of a growing number of curricula having a significant applications focus which is based on a holistic understanding of the learning process and provides an approach to learning that makes sense to a great many students. The Mathematics curriculum focuses specifically on the relationship between given skills or aspects of knowledge and the contexts in which people use them. An application relates the theoretical to the practical and connects the abstract to the concrete. They tie what students already know and their sense of the real world to what they are about to learn. This helps give students a sense of how they might use what they are learning.

DEGREE PROGRAMS OFFERED

- **BS (2 Years)**
- **MSc (2 Years)**

SCOPE

BS 4-year program is in parallel to those of Bachelor of Medicine, Engineering and Bachelor of Agriculture where top class students of intermediate class get admission after a thorough scrutiny. This program is focused to develop the linkage between the local and foreign institutions, encouraging long term sustainable scientific collaborations. The long term goal is to up lift the programs in the national educational institutions and bring them as per with the international standard.

OBJECTIVES

- The BS scheme of studies aims to establish the base for lifelong education by creating essential concepts and equipping the student with necessary techniques, needed to start a career of research, development, teaching or financial applications involving mathematics.

In other disciplines, like, economics, life sciences, a similar route is followed to transform the abstract formulae and equations developed by a pure mathematician to live and vibrating applications in everyday world.

- The training of mathematicians should inculcate creative thinking and make them capable to critically analyze a problem. Problem solving in the classroom should prepare them to problem solving in the laboratories, and, eventually, problem solving in the industry.
- After completing the BS program, the students should:
 - a. Be able to experience mathematics.
 - b. Appreciate importance of mathematics and visualize its applications in every walk of life.
 - c. Understand and use the basic structures applicable in modern sciences.

BS PROGRAM

- **Credit Hours=142**

DEPARTMENT OF PHYSICS

OVERVIEW

The Department of physics Govt. Post Graduate College for Women Kutchery Road Multan is the oldest seat of learning and imparting knowledge of physics at the intermediate and graduate level in southern Punjab since 1960. The BS Program at the Department was launched in 2010. In 2012 it was merged in Women University Multan. The Department has its own well equipped laboratories and lecturer rooms. To improve knowledge there is a vast collection of books on the subject of physics in main library.

The department is conducting teaching and experimental work at the FSc and BS Levels. A well-trained, dedicated faculty together with well equipped laboratories makes this department one of the most accomplished departments. It is worth mentioning here, that a reasonable number of students and graduates from this department are working in prestigious organizations and serving the nation.

DEGREE PROGRAMS OFFERED

- **BS (4 years)**
- **MSc (2 years)**
- **MPhil (2 years)**
- **Ph.D (4 years)**

SCOPE

A higher degree in physics opens up new avenues of development for students. They can become scientist, researchers, teachers etc. The aim of department is to develop indigenous experts in the field of physics. This will increase employment opportunities for qualified students both in research and technical institutions of country.

OBJECTIVES

Student should be able to apply knowledge from

- one or more areas of Physics to make appropriate intellectual connections or solve problems in another area of Physics
- Solve problems competently and confidently
- To develop an understanding of the physical principles required to analyze a physical question or topic

- To Analyze problems to determine what is being asked and develop the best approach to provide a solution
- Solve problems competently and confidently
- To develop an understanding of the physical principles required to analyze a physical question or topic
- To Analyze problems to determine what is being asked and develop the best approach to provide a solution.

BS PROGRAM

DEPARTMENT OF STATISTICS

OVERVIEW

The department is fully equipped to conduct research activities under the supervision of two Ph.D's and other senior faculty members of the department. BS 4-year program has been running under the semester system since 2010 in Govt. Post Graduate College for Women Kutchery Road Multan. The College is merged into Women University Multan. In the near future department will be launching MS/M.Phil program in Statistics. The department has its own library to facilitate the students. Currently BS (4-year) is running with full vigor and first BS in statistics is to pass out by the end of 2014. BS Statistics is meant to develop a concrete level foundation of statistical theory to interact with statistical organizations, industry and other uses in public and private sector. Department has its own computer lab to facilitate student in research and development.

DEGREE PROGRAMS OFFERED

- **BS (4 years)**
- **MPhil (2 years)**

SCOPE

Highly qualified statisticians are in short supply in Pakistan. BS Statistics develops the ability to participate in project based activities, training the graduates to pursue for higher degrees and research in the discipline thereby opening new avenues for interdisciplinary research in the market as is the immediate requirement at par with international research activities.

OBJECTIVES

The courses taught here are aimed at developing such highly educated researchers who are motivated and devoted to contribute to the economic and social development of the country. They are expected to develop qualities like

- Acquiring the Logical and Analytical skills
- Strong Concept building
- Should go through research based Learning Experience
- Should be fully capable of solid practice and application of Statistics
- To produce statisticians of high caliber and profile.

INSTITUTE OF COMPUTER SCIENCE & INFORMATION TECHNOLOGY

OVERVIEW

The department of IT in Govt. Post Graduate College for Women, Multan was established in 2000 under the public private partnership deed of the Govt. of Punjab Higher Education Department. The administration introduced BS-IT in September 2010. After the mergence of Women University Multan, the Department of Computer Science and Information Technology is a full fledge department with currently seven faculty members well versed to conduct research activities at national and international level.

DEGREE PROGRAMS

- **BSCS (4 Years)**
- **BSIT (4 Years)**
- **MCS (2 Years)**
- **A wide range of short courses and diplomas in IT and computer usage for office workers and house wives as well.**

SCOPE

The field of the computer Science or IT is very huge and also increasing its scope day by day. Millions of new jobs were generated each year in the world. As computers are being used in every department and domain now, Computer specialists are continuously been sought after for maintenance and innovation pertaining to those computer enabled services. Computing professionals may find themselves in a variety of environments in academics, research, industry, government, private and business organizations — analyzing problems for solutions, formulating and testing, using advanced communications or multi-media equipment, or working in teams for product development.

OBJECTIVES

The University is entrusted with the responsibility of producing culturally enlightened, technologically knowledgeable, academically competent and research-oriented female graduates who are prepared to lead, inspire and preserve our great traditions. The University commits itself

and all its resources to this trust and responsibility. The purpose is to make university a thriving hub of educational research and knowledge creation in modern technologies and IT.

- The objective of Information Technology Department is to provide technology leadership, expertise and services in support of the teaching, learning, research and outreach goals of The Women University Multan.
- IT department is committed to achieving its objectives through:
- Educating female students in the emerging field of information technology to keep pace with the rest of world.
- Providing leadership and awareness on the impacts, resource utilization, and feasibility of technology implementations.
- Partnering with students, peer institutions, industry groups and vendors to ensure the technological goals of the university are realized.
- Providing knowledge solutions of the utmost quality, stability and reliability.
- Provide technology-focused education and enhance computing experiences.
- Provide a reliable, efficient, friendly and easily-accessible organization for information technology support and guidance.
- Educating how to use technology, where technology is useful.

EVENING PROGRAMS

The Department of IT in WUM offers following programs in evening session

- Post Graduate Diploma (PGD)
- Diploma in Computer Application (DCA)

- Diploma in Information Technology (DIT)
- Short courses (3 months)

Post Graduate Diploma (PGD)

Eligibility: B.A/B.Sc. or equivalent

Duration: 12 months

1 st Semester	2 nd Semester	3 rd Semester
1. Web Development	1. Visual Programming	1. Operating System
2. Computer Fundamentals (C++)	2. RDBMS using Oracle	2. Object Oriented Programming
3. Structured Programming	3. Internet Fundamentals	3. Project
4. Introduction to Database System	4. Computer Graphics	

Diploma in Information Technology (DIT)

Eligibility: F.A/F.Sc. or equivalent or above **Duration:** 12 months

1 st Semester	2 nd Semester	3 rd Semester
5. Web Development	5. Visual Programming	4. Operating System
6. Computer Fundamentals (C++)	6. RDBMS using Oracle	5. Object Oriented Programming
7. Structured Programming	7. Internet Fundamentals	6. Project
8. Introduction to Database System	8. Computer Graphics	

Diploma in Computer Application (DCA)

Eligibility: Matric or equivalent or above.

Duration: 6 months

1 st Semester	2 nd Semester
1. Operating System	1. Visual Programming

- | | |
|---------------------------------|--------------------------|
| 2. Computer Fundamentals | 2. Internet Fundamentals |
| 3. Structured Programming (C++) | 3. Web Development |

Types of short courses (3 months)

- | | | |
|------------------------------|---------------------------------|----------------------------|
| • Beginners level (Code B01) | • Intermediate level (Code I01) | • Advance level (Code A01) |
|------------------------------|---------------------------------|----------------------------|

Diploma in Windows Application (DWA) (B01)

Eligibility: Matric or equivalent or Above

Duration: 3 months

- MS-Office (MS-Word ,MS-Excel ,MS-Access, MS-PowerPoint)
- Windows and Software Installation
- Internet Fundamentals

Diploma in graphic courses (B01)

Eligibility: Matric or equivalent Or Above

Duration: 3 months

Graphics Courses offers (Select any one of the following)

- Macromedia Flash
- Corel Draw
- Adobe Photoshop

Short Courses (Diploma in programming languages) (I01)

Duration: 3 months

IT department offers following Language Courses (Select any one of the following)

- | | |
|-------------------------------|---|
| 1- java | 4- VB.Net + MS SQL Server + Crystal reports |
| 2- Oracle | 5-C Sharp + MS SQL Server + Crystal reports |
| 3-Web Programming PHP + MySQL | |

Short Courses (Professional Software Development) (3 Months) (A01)

Eligibility: (At least having diploma in programming languages or higher diploma/degrees)

Desktop Applications

VB.net

MS SQL Server

Project preparation

a) Accounting applications

b) Inventory applications

FACULTY

1. Ms. Khadija Kanwal (Director)
Assistant Professor

5. Engr. Sehrish Raza
Lecturer

MS (CS) (BZU)

2. Ms. Hameeda Ilyas
Lecturer
MCS (BZU)

3. Ms. Meherwar Fatima
Lecturer

4. Ms. Fariha Zulfiqar
Lecturer

B.Sc (CSE) (NFCIET)

6. Ms. Afshan Almas
Lecturer
BS (CS) (BZU)

7. Ms. Aqsa Jameel
Lecturer
M.Sc (Telecommunication) (BZU)

FACILITIES AVAILABLE

University Timings: University timing is 8:00am to 4:00pm.

Transport Facilities: The University offers the facility of 10 buses. Students are expected to behave in a civilized manner while using transport facility.

Identity Card: Identity Cards are issued to all students at the commencement of regular classes.

Library: The library provides primary support to all academic programs. Collections cover virtually all disciplines and include a wide array of formats – from books and journals to manuscripts.

Computer Lab: There is a well developed E-Lab with state of the art facilities. Computer lab provides options as a workstation that addresses the needs of a variety of users.

CODE OF CONDUCT FOR STUDENTS

- I. The students would observe the following Code of Conduct during their stay at University.
- II. Respect for order, morality, personal honor and rights of others.
- III. Honesty and integrity in all dealings with fellow students, teachers and others, both on and off the University.
- IV. Protection of the University property and the property of the fellow students.
- V. Showing due respect to elders, teachers and outside visitors.
- VI. Courteous and helpful behavior towards all those with whom they come in contact
- VII. Pledge to work hard and complete their course of study in the specified time.

Discipline:

Disciplinary action taken against the students by the University Administration may take one or more of the following forms depending upon the severity of the offence:

- I. A student may be fined
- II. A student may be placed on probation for a fixed period. If during the period of probation, she fails to improve her conduct, she may be rusticated or expelled.
- III. A student may be suspended from the rolls of the department/ University for a period not exceeding two weeks at time.
- IV. A student may be rusticated/expelled or asked to withdraw from the department/ University.

Rustication and Expulsion:

In case of misconduct, involvement in political or immoral activities, defiant and disrespectful attitude to the teachers, a student may be expelled from the University.

Special Warning:

According to the instruction of the Punjab Government, Mobile phone is not allowed in the University. In case of disobedience a student will be fined Rs. 1000. Moreover, mobile phone will be confiscated. The university administration anticipate co-operation from the students and parents for the better future of students. In addition, students found misusing the laptop will be fined Rs. 3000.

SEMESTER RULES

TOTAL PERIOD OF STUDY

The normal duration of Bachelors, Masters and M.S / M. Phil program will be as under:

a) 4 years Bachelors (BS) after twelve years education	Four Years
b) 2 years Master after (MA/MSc) 14 year education	Two Years
c) 2 years MS/MPhil after 16 year education	Two years
d) 2 years M.S / M. Phil after 16 year education	Two Years

CLASS ATTENDANCE

1. A candidate with less than 75% of the attendance in lectures and Practicals separately shall be dropped from the course.
2. In case of absence on the medical grounds, the teacher will provide extra material for the compensation of the resultant deficiency.
3. In case the student remains absent from the class for seven consecutive days without leave her name shall be removed from the rolls.

EVALUATION SYSTEM

The number and nature of tests and assignments depends on the nature of course. However, in case of taught courses there will be at least one home assignment, two quizzes and two tests (mid -term and final examination) in each course with the weightage as under:

A. Assignments:		
i.)	Assignment	10%
ii.)	Quizzes	10%

iii.)	Class Attendance	05%
B.	Mid Term	25%
C.	Final Term	50%

To pass a course, student must obtain 'D' grade (50 % marks) separately in Assignment, Mid semester and Final examination. In case of MS / M.Phil to pass a course, student must obtain 60% marks (GP 2.3) separately in assignment, Mid term and Final examination.

Duration of Examinations: In view of the weightage for the various examinations the duration of the papers will be as follows:

i. Mid Term Examination: One hour

ii. Final Examination: Two hours

Comprehensive Examination: There shall be a qualifying Comprehensive Examination only for 2 years MS / M.Phil degree program leading to Ph.D. A maximum of two chances will be given to a candidate to pass the Comprehensive Examination. The Comprehensive Examination will be held twice a year.

GRADING SYSTEM

50. Equivalence in numerical grades, letter grades and grade points will be as follows:

Percent	Letter	Grade
Marks	Grade	Points
85-100	A+	4.00
80-84	A	3.70
75-79	B+	3.30
70-74	B	3.00
65-69	B-	2.70
61-64	C+	2.30
58-60	C	2.00
55-57	C-	1.70
50-54	D	1.00

Below 50	F	0.00
Withdrawal	W	
Incomplete	I	

2. Maximum possible Grade Point Average is 4.00
3. Minimum Cumulative Grade Point Average for obtaining 4 year Bachelors (BS) and 2 years MA/ M. Sc degree is 2.00.
4. Minimum Cumulative Grade Point Average for obtaining 2 year MS/ M.Phil is 2.50.

RULES FOR PROMOTION

BS and MA/M.Sc

1. At the end of the first semester a student must obtain a minimum Grade Point average (GPA) of 2.00 (and qualify all the courses) to be promoted to the second semester.
2. In case a student is able to obtain GPA of 1.50 or more but less than 2.00 she will be promoted to the second Semester on probation. The candidate, who fails to secure 1.50 GPA in the first Semester, shall stand automatically dropped from the rolls.
3. At the end of the second semester, a student must obtain a minimum Cumulative Grade Point Average (CGPA) of 2.00 and must also pass at least 50% of the courses offered by her in order to be promoted to the third semester. If any of the preceding two conditions is not complied with by a student she shall be removed from the rolls of the Department / Centre / Institute / College.
4. In all the following semesters a student has to maintain CGPA 2.00 for her promotion otherwise she will be removed from the rolls of the Department / Centre / Institute. If a student has not availed opportunity of probation during the first two semesters then she will have the right to avail probation once in the following semesters.
5. In the third semester a student will be required to repeat those courses of the first semester in which she had failed.
6. In the fourth, sixth, eighth and tenth semester, a student will be required to repeat those courses of the second, fourth, sixth and / or eighth semester in which she had failed.

7. A student, who completes all the courses and has not been required to repeat any course(s), obtains CGPA of less than 2.00 but not less than 1.90 at the end of the 4th semester in case of 2 years MA / M.Sc., 8th semester in case of 4 years BS may be allowed to repeat up to two courses (varying from 2 to 4 credit hours each) in which she had obtained the lowest grades, in order to improve the CGPA so as to obtain the minimum of 2.00 failing which she shall not be awarded degree and removed from the rolls of the Department / Centre / Institute.

2 years MS/ M. Phil

1. At the end of the first semester a student must obtain a minimum Grade Point average (GPA) of 2.50 to be promoted to the second semester.
2. In case a student is able to obtain GPA of 2.30 or more but less than 2.50 she will be promoted to the second Semester on probation. The candidate, who fails to secure 2.30 GPA in the first Semester, shall stand automatically dropped from the rolls.
3. At the end of the second semester, a student must obtain a minimum Cumulative Grade Point Average (CGPA) of 2.50 and must also pass at least 50% of the courses offered by her in order to be promoted to the third semester. If any of the preceding two conditions is not complied with by a student then she shall be removed from the rolls of the Department / Centre / Institute.
4. In the 3rd and 4th semesters a student will carry out research under the supervision of her supervisor and submit research thesis / report / project by the end of 4th semester.
5. In the third semester a student will also be required to repeat those courses of the first semester in which she had failed and maintains CGPA of 2.50 failing which her name will be removed from the Department / Centre / Institute.
6. In the fourth semester, a student will be required to repeat those courses of the second semester in which she had failed and maintains CGPA of 2.50 failing which her name will be removed from the Department / Centre / Institute.
7. A student, who completes all the courses and has not been required to repeat any course(s), obtains CGPA of less than 2.50 but not less than 2.40 at the end of the

4th semester, may be allowed to repeat one course (varying 2-4 credits) in which she had obtained the lowest grades, in order to improve the CGPA so as to obtain the minimum of 2.50 failing which she shall not be awarded degree and removed from the rolls of the Department / Centre / Institute.

ADMISSION POLICY 2015

Eligibility for BS or Equivalent:

The candidates holding F.A/ F.Sc or equivalent qualification and age not more than 24 years are eligible for admission in BS or equivalent. 2 marks will be deducted from percent academic marks for each late session to a maximum of two sessions. Candidates qualified prior to two years will not be eligible. Clearance of Pre-Admission Entry Test is mandatory for the admission against merit as well as reserved seats

Eligibility for MA/M.Sc or Equivalent:
